Roscoe Incendiary Fire Loss is Near \$15,000

No Clue to the Perpetrator Found by State Firemarshal Zuber

FIRE DESTROYS RETILLEY STORE, POST OFFICE AND AN ADJOINING STRUCTURE

Entire East End of Village Is Threatened By Hungry Flames, Started, Is Believed, By Terrible Fire Demon's Blazing Torch.

Zuber Here Early Friday And Can Get Little Information From The Residents — Reign of Terror Again Raging in Peaceful Town.

Starting in the southeast corner of the basement under the J. & T. Le Retilley grocery store in Roscoe at 8:30 o'clock Thursday night, fire completely destroyed the Le Retilley building, the postoffice building, and a small frame structure adjoining the postoffice and for a time threatened the destruction of the entire row of buildings on the east side of the village's Main street.

LOSS IS \$15,000

The loss is estimated Friday at about \$15,000. That the fire was started by the incendiary, who has been causing the reign of terror in the village since early in January, no one doubted around the village Thursday night.

It was the general opinion that the fire was started by the incendiary enraged because Miss Florence Osborne, teacher in the public schools, frequently referred to as an objective feature of the school system by the anonymous letter writer, returned to her work in the schools Monday morning and was staying with Jay LeRetilley's niece, Miss Leah Le Retilley.

SKATERS HAVE CLUE?

Two boys skating on the canal were said Thursday night to have seen a man, whom they recognized, running away from the Le Retilley building immediately preceding the time when the fire was discovered. It was said they had declared they would be able to identify the man. Because of the peculiar reticence of the people of the village the names of the two boys could not be learned and the verification of the story was impossible.

GOT NO LETTERS

Jay LeRetilley said last night that while he had not received any anonymous letters he had been threatened in letters received by other citizens of the village.

Le Retilley carried \$1,200 insurance on the contents of his building and \$1,500 on the building, but the loss will exceed that amount.

The postoffice building owned by John Carhart was insured for \$200. Henry Akeroyd owner of the building adjoining the postoffice carried \$300 insurance on the structure.

Roscoe citizens are once more terrorized and are enraged over the depredations of the bold fire demon.

SECRET SERVICE TAKES HAND?

It was intimated last night in Roscoe that detectives from the United States secret service would be taken to Roscoe in an attempt to run down the fire bug since the state department seems to be unable to cope with the cunningness of the bearer of the fire torch.

State Fire Marshal Zuber arrived in Coshocton at 3:30 o'clock Friday morning and at once went to the scene of the fire. He and Sheriff McDonald spent the remainder of the night trying to ferret out a clue, but were met with stolid refusal on the part of the citizens when asking for information. The residents seem afraid to tell the little they do know. It is thought some could give out information that would speedily bring the criminal to justice, if they would.

It was about 8:30 o'clock Thursday night when the fire was discovered by Wilbur Daugherty and Ray Fortune and a second later by Harry Snedeker, Arch Wilson and O. E. Popham, all of whom were skating on the ice on the canal just behind the Le Retilley building.

Find Fire.

Daugherty probably was the first to notice the fire. He said he saw smoke coming from one of the lower windows on the east side of the building. The rest of the crowd saw the smoke. Taking off their skates they started down through the village shouting "Fire! Fire!" at the top of their voices. They ran to the town hall where they forced an entrance and secured buckets which are kept there in case of fire. By the time they had returned to the street with their arms laden with the buckets, the only fire fighting apparatus the village boasts of, the residents of the town were rushing from their homes and in a few minutes scores of the citizens were on hand to lend a helping hand.

Carry Goods Out.

The crowd was divided. One half broke holes in the ice on the canal and formed a bucket brigade and the other half carried as much stock from the store as they were able. The groceries were taken across the street into neighboring store rooms for safe-keeping. But the fire which

HOME NEAR OTSEGO IS DESTROYED

Family Returns Home From Visit to Find House In Ruins.

Loss Is Estimated At \$2,000 — Origin Is Unknown.

When the family of R. I. Buker returned to their home near Otsego Thursday evening after spending the day with a neighbor living two miles away, they found their home a smoking mass of burning debris. The loss is estimated at \$2,000.

The family left home early Thursday morning to spend the day leaving one fire in the house. A man passing the home early in the afternoon discovered the fire and raised the alarm among the nearby neighbors. Before any help could reach the structure it was burning so fiercely that nothing could be saved and fighting the flames was useless. Mr. and Mrs. Buker were later located and notified of their loss. They returned to the home but it was completely destroyed by that time. They spent the night at the home of a neighbor.

Mr. Buker carried insurance on the building which will partially cover the loss but he carried none on the contents of the structure.

FOUND HELPLESS LYING IN ROAD

Aged Man Stricken With Paralysis Near Frazeyburg.

David McCuenen, aged 71, who said that he was formerly trainer of horses and that he is a native of Toronto, Canada, was found helpless from a stroke of paralysis in a road two miles west of Frazeyburg early Thursday morning. McCuenen was carried into the home of Mrs. W. Stine, where he was cared for and given medical assistance. The county authorities were notified and McCuenen will be taken to the Miskin county infirmary.

McCuenen says that he has been traveling for some time and that he is totally unacquainted in this part of the country.

BUILDING WAS A LAND MARK

Le Retilley Structure Was Erected In About 1838

The old Le Retilley building which was destroyed by fire Thursday night was one of the old land marks of the county. It was one of the first buildings to be erected in the village of Roscoe after the village expanded north from the old Caldersburg which was the original village on the site now occupied by Roscoe. As near as could be learned the building was built about 1838. Only the oldest residents can remember much about the early history of the structure.

Esteem That Is Lasting.

"There is no occasion to regard with continual dislike one who had formerly a mean opinion of your merits; for you are never so sure of permanent esteem as from the man who once esteemed you lightly, and has corrected his mistake—if it be a mistake."—Sir Arthur Helps.

LANE IS SENT UP 6 YEARS

Youth Who Assaulted Thelma Powers Must Serve Time in Pen

TAKES SENTENCE WITHOUT A WORD

Judge Nicholas Shows No Sympathy For Man Declared Guilty

Henry Lane must serve a term of six years in the Ohio penitentiary for having assaulted, with intent to rape, little Thelma Powers, 6-year-old daughter of Mr. and Mrs. Chas. Powers of Chestnut street on the night of Dec. 3, 1911.

Judge Nicholas at the opening of common pleas court Friday morning overruled a motion made by Atty. Jas. Glenn for a new trial and passed the sentence upon the youth immediately afterward.

Lane took the sentence coolly and without any kind of demonstration. After a half hour's deliberation following a trial filled with sensation a jury returned a verdict against Lane Tuesday afternoon finding him guilty of the heinous crime with which he had been charged.

Judge Nicholas in sentencing the youth Friday morning said that it took thirteen men, not only twelve, to find a man guilty or not guilty of a crime. The twelve jurors, he said, have the power to decide among themselves if the prisoner is guilty or not guilty but if in the opinion of the judge the verdict of the jury is erroneous, the judge is empowered to decide for himself. He gave Lane a lecture that would have done any young man good to hear. He spoke as a father addressing an incorrigible child and painted to the prisoner many beautiful pictures but Lane took it all calmly and without any showing of feeling.

Lane will be taken to Columbus within the next few days by Sheriff McDonald to enter upon his term in the Ohio penitentiary to do penance for his horrible crime.

Atty. Glenn made known in court Friday that he would take the case on error to a higher court.

Asst. Prosecutor Adams told an Age man Friday morning that Lane had been given as fair a trial as any man he had ever seen before the court. He said that under ordinary circumstances an identification of Lane by the little child in the court room should not have been attempted with Lane dressed so differently than at the time he was arrested. Neither, he said, would the prosecution, under ordinary conditions permit the defendant's attorney to lead the little victim of the assault around the court room in an attempt to find some one who looked like the man who assaulted her after she had previously positively identified the prisoner as her assailant.

MILL IS GIVEN WARNING TODAY

Rumor Says Empire Mills Is Threatened By The Demon.

It was reported on the street Friday afternoon that a notice had been found tacked on the office door of the Empire Mills in Roscoe Friday morning when employees of the mill went to work warning them that the mill was the next building that would fall victim of the terrible fire demon's torch. The notice is said to have read: "Beware, you are next."

Owing to the fact that telephone communication between Coshocton and the village was cut off by the Le Retilley fire Thursday night the story could not be verified but its truth is doubted.

Mrs. Charles Gibbs of North Fifth street is ill with appendicitis.

Freight Trains Meet in a Rear End Collision Near Morgan Run Early Friday

TELEGRAM FAILS TO FIND HER

Mrs. Stewart Cannot Be Located By Humane Officer

Her Child Is In Serious Condition Here With Croup

A telegram sent to Mrs. William Stewart, the widow of the Late Eli Davis, at Conemaugh, Pa., last night by Humane Officer Vensil summoning her to the bedside of her daughter, Miss Margaret Davis, 18 years old, near death with croup, was returned Friday morning marked "undelivered." Neither the postoffice nor the telegram offices in the eastern town could locate a woman by that name.

The girl was left alone in the home near the Warwick mines with three other children two weeks ago when Mrs. Stewart and her husband left for the east. A letter was received by Mrs. Stewart's father a few days ago from the woman which was post marked Conemaugh, Pa. Margaret took cold from exposure while doing the work around the little farm and croup developed. Wednesday night she nearly choked to death and had not Dr. Lear arrived at the home when he did she might have died. Thursday night she had another attack and neighbors feared she was dying. Humane Officer Vensil, to whom the abandonment of the children was told when Mrs. Stewart left two weeks ago, telegraphed to Mrs. Stewart Thursday night and told her to come home at once. Either the couple is going under an assumed name in Conemaugh or they have left that place is the belief of Humane Officer Vensil.

Friday the girl was not much improved and her condition is considered serious.

Humane Officer Vensil talked Friday as though he contemplated making a trip east to bring Mrs. Stewart back to her children.

RUMORED ARREST IS GROUNDLESS

Story Circulated That Man Was Arrested Friday

There was a persistent rumor through the streets Friday all day that a young man living in Roscoe had been arrested charged with arson following the unearthing of evidence by the state firemarshal investigating the cause of the Le Retilley incendiary fire last night. There is absolutely no truth in the report. No arrests have been made and although Firemarshal Zuber is still in Roscoe conducting with two assistants a rigid investigation no sensational clues have been dug up.

TWO SENTENCES ARE SUSPENDED

Caboose And Two Freight Cars Burn Up After Catching Fire From Stove In Wrecked Caboose—Trainmen Escaped From Injury.

Slow Freight Entering a Switch Is Struck in the Rear By Faster Train — Traffic On Road Both Ways Is Tied Up For Hours.

A west-bound freight train traveling slow one mile east of Morgan Run crossing on the Pennsylvania railroad at 4 o'clock Friday morning, to enter a switch so a faster freight train could pass, was struck in the rear by the train following it and the caboose and two cars of the first train were piled up. The engine of the second train was damaged considerably. The derailed cars and caboose caught fire from a blaze in the caboose and all were destroyed. Traffic on both the east and west bound tracks were tied up for several hours, the heat from the burning cars making it impossible for a train to pass the fire.

The train in the lead had been given orders to take the siding near Morgan Run so the faster through freight could get by. The engineer of the first train had slowed down his engine in order to enter the switch but

the engineer of the second train failed to lessen his speed and the trains met in a rear-end collision. The second engine plowed into the first train making an ugly wreck. Luckily no one was in the caboose of the leading train at the time and no one was injured. The engineer and fireman on the second train were not hurt except for a slight shaking up.

A fire was burning in the stove in the caboose of the leading train. It set fire to the wooden structure and the flames spread to the rest of the piled up cars. The damaged cars had to be detached from the train and allowed to burn up.

The Dennison wreck crew was called and after working hard had the track cleared. The morning accommodation due here early in the morning did not arrive until after 9 o'clock. Early morning fast trains were delayed several hours.

FRED WOOD ARRESTED FOR SELLING BOOZE TO CHAS. GOODSPEED

Activities of Citizens League and City Police Result Friday In Apprehension of Man—Will Have Hearing Saturday.

As a result of the investigation made Thursday afternoon by the executive committee of the Citizens' league, Fred Woods, was arrested at his home on South Sixth street early Friday on an affidavit sworn to by Chas. Goodspeed of White Eyes township, charging selling liquor on Sunday in violation of the city ordinance.

Woods is not a saloon-keeper but according to the story told by Goodspeed he sold the liquor at his home a week ago last Sunday.

As was told in The Age Thursday evening Mrs. Anna Murray held a conference with the Citizens' league committee at the mayor's office. Thursday afternoon and told the committee that her husband William Murray and Goodspeed had become drunk on liquor which Goodspeed told her he had purchased at two saloons in Coshocton a week ago last Sunday.

The police chief was called to the Murray home to eject Goodspeed who, Mrs. Murray claimed, was boisterous. The chief told the committee that Goodspeed told him he had purchased the liquor from a man named Wood on South Sixth street.

Had a Warrant.

Friday morning the chief armed with an affidavit for the arrest of Goodspeed charging disorderly conduct went to the Norris farm in White Eyes township to bring Goodspeed in Coshocton to hear his story told in an effort to run down the man who had violated the Sunday ordinance. The chief found Goodspeed willing and anxious to come to Coshocton and it was not necessary to use the affidavit that had been prepared. Goodspeed had planned to come to Coshocton Friday of his own free will but Mr. Norris had gone to the horse sale held here Friday and he postponed his visit until Saturday but when the police chief told him he was wanted he agreed to come.

Bond Is \$300.

To the mayor he signified his willingness to swear out the affidavit against Wood which he did and Chief Maple served the warrant on Wood and locked the fellow up. Wood pleaded not guilty and is being held until \$300 bond until his hearing at 9 o'clock Saturday morning before

WILL TRY TO SELL ENAMELING PLANT

Receivers Hunt and Pomeroy of the defunct Spellacy Raif enameling plant received orders Friday to again place the plant up to sale by public auction. The sale will be held some time next month. The date has not been definitely set.

UNIQUE WAY OF HANDLING CROWD

A fire, no matter how serious or horrible, is not without its humorous sides. Over at Roscoe Thursday night the great crowd which stood looking at the buildings go up in the smoke would get cold at intervals. The village drug store owned by Mr. Ferguson was the center of attraction because a big roaring fire was going in the stove and made things cozy. When the room had been pretty well filled up one old fellow standing near the door saw another's attachment of cold feet approaching. They hesitated on the door step but the village was said: "Just come on in we are going to take the paper off the wall in a little while so there will be plenty of room."

Doctor Convicted in Spite of Girl's Refusal to Testify.

Chicago, Feb. 9. — Despite the refusal of Miss Hazel Hogan to testify in the case of Dr. Irvine Sissinger, James Hogan and Curtin R. Young, accused of robbing her of \$1,756 in the physician's office several months ago, the men were found guilty of the charge. As a result of her refusal to prosecute the case, Miss Hogan was sentenced to six months in the county jail and either pay or work out a fine of \$1,700 in the place of correction.

MORE BOX BALL GAMES PLANNED

A second series of boxball games will be rolled Friday evening on Brant's alleys at the Shooting gallery between the Smoke House and Brant's team. The line-up for the games will be the same as in Wednesday night's contest. A close match is expected, as the two teams are very evenly matched.

A large crowd of rooters will be present.

BIG CROWD AT FRIDAY'S SALE

A large crowd of buyers from out of town and all over the county attended the auction sale given by the Coshocton Horse & Mule company at the fair grounds Friday afternoon. Almost a hundred head of fine animals were offered for sale and they brought good prices. Much interest is taken in the sales and they are regularly attended by out of town buyers.

Peculiar After Effects of Grip This Year

Leaves Kidneys In Weakened Condition.

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are very distressing and leave the system in a run-down condition, particularly the kidneys which seem to suffer most, as every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to more serious sickness, such as dreaded Bright's Disease. Local druggists report a large sale on Dr. Kilmer's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney, liver and bladder remedy, and being an herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed by those who try it. Dr. Kilmer & Co., Binghamton, N. Y., offer to send a sample bottle of Swamp-Root, free by mail, to every sufferer who requests it. A trial will convince any one who may be in need of it. Regular size bottles 50c, and \$1.00. For sale at all druggists. Be sure to mention this paper.

All Used the Inside.

The resolution of the New York board of health which will abolish in all public places towels of the "common" kind—for the use of more than one person—recalled this story to a commercial traveler: "When I was on the road many years ago for a new York notion house I had to visit a customer in a little New England town, many miles for the railroad, where there was one tavern. Over the wash bowl, which stood on a table in the so-called office, there hung a 'roller' towel, and it was that towel or none if you wanted to rid your hands of some real estate before taking a meal. At my first experience I looked the thing over and then used the inside. The proprietor, seeing this, said: 'You New Yorkers ain't any smarter than other people—everybody wipes on the inside of a roller towel, and it makes 'em last longer.'"

Highway Chemistry.

The Oregon Agricultural college at Corvallis, Ore., is boasting of the first course in highway chemistry that has ever been offered in any college in the world. Professor John Fulton of the chemistry department has taken this step as a result of the increased demand for good roads. The course includes both physical and chemical tests of tars, bituminous products, asphalt and all mixtures such as sands, gravels, rocks and other ingredients of the modern highway. Concrete testing and tests of the chemical changes in all these substances by exposure and weather will form an important part of the work, as well as the chemical study of surface protection, such as viscous oils.

Wisdom.

The Foolish Virgins regarded one another in blank dismay. "We are out of oil!" they exclaimed.

But the Wise Virgins had bought for the rise, and now that the bulge had come they were watching the ticker excitedly.

"Ten points up—on the report that the government will not prosecute!" they cried gleefully.

Showing that where virgins mingle in affairs, they will find wisdom quite helpful.—Puck.

"LIMIT" IN SHORT WEIGHTS

Indianapolis Man Finds Dumbbell That Is Four Ounces Less Than It Is Branded.

Dr. W. F. King, assistant secretary of the state board of health, has found what he terms "the limit" in short weights. He wrote to a sporting goods house a few days ago to buy some dumbbells for his daughter, and in "hefting" a pair found that one was lighter than the other. He called the attention of the salesman to his discovery and the dumbbells were placed on a balance and weighed, and one found to be four ounces short of the branded weight.

"I don't believe the misbranding could be handled under the pure food law," said Dr. King, "but I'd like to see it take the case."

Dr. King recalled that when Ben Hur was a slave on the Roman galley he represented to the overseer that keeping a galley slave chained to one side of the ship all the time developed him on one side only and that the owner was not able to get full value received from his price for the slave, and that as a result the slaves were shifted regularly from one side of the ship to the other. In this way, Ben Hur was enabled to maintain rugged health and strength until he escaped.

"Since dumbbells are used for physical development, a pair ought to be of equal weight, in order to balance the development," said Dr. King.—Indianapolis News.

HIPPO ATE A MINCE PIE

But Bill Snyder, the Keeper, Said the Confection Was Wasted on Miss Murphy.

It is throwing money away, according to Bill Snyder, head keeper of the Central park menagerie, to feed a hippo on pies, especially on the mince variety. This observation by the keeper was elicited after he had tossed a beautiful mince pie into the yawning mouth of Miss Murphy, one of the hippos in the menagerie.

The hippo had been promised the pie by a man on the upper West side fully a week ago. He said he wanted "the kids" to have a laugh. When Miss Murphy gulped the pie down yesterday more than a score of persons, as well as "the kids," laughed.

It was a conventional 30 cent pie, but Miss Murphy looked more important than 30 cents when she began to crush the delicacy in her sawing jaws. According to the man who carried the pie to the menagerie he had soaked it well in brandy. He was accompanied by two ladies.

Snyder tickled the hippo's chin with the edge of the pie, and as she opened her mouth, he sent the whole thing in at once, as if it were a straw hat.

"Some bugs in this town!" said the keeper. "A woman came here yesterday and wanted to know if she could get a permit to give the Hons catnip."

Spice of Life.

One way of ironing out domestic difficulties was originated by the late Vaughan Kester, author of "The Prodigious Judge." He was living at Gunston, an old colonial estate on the Potomac, not far from Mount Vernon, with his wife, an aunt of Paul Wilstach, who made the dramatic version of "Thais," when he drafted the constitution and by-laws of the Mutual Help association, retails the New York Sun, in mentioning the incident.

"Everybody's business but my own," was the motto of the association. Under the head, "Declaration of Purpose," appeared this paragraph:

"The members of this association, recognizing that there are realms of indecision and irresolution difficult for the single mind to grasp, penetrate and fully explore, have formed an association for the specific purpose that the individual members may have the advantage of every other member's opinion on all conceivable questions affecting his or her personal welfare, believing that by so doing they will add the variety which is the spice of life."

Telegram That Saved India.

In connection with the Durbar, a museum of Mogul relics has been arranged, which contains, among other objects, the telegram which illustrates Montgomery's great saying, "The electric telegraph saved India." This is the famous telegram dispatched by Barendsen on May 11th, 1857, which gave the news of the rebellion to the north of India, and enabled Lawrence and Edwards and Nicholson to take steps for the disarmament of regiments on the verge of revolt, and to make those brilliant arrangements for the relief of Delhi by which—and probably by which alone—the mutiny was crushed out, and Delhi once more returned to her British allegiance.

Women Students in Berlin.

The educational statistics of Berlin show that the number of women students is increasing there. The theological department alone shows a falling off, there being only one woman registered, while there were several last year. Besides the 253 women who attend lectures without matriculating, there are 12 women in the school of jurisprudence, 172 medical students and 659 in the department of philosophy. There are in all about 1,115 women students, of whom the majority are in the philology and history departments. The record shows that many of the important professors have student daughters and that these do not, as a rule, aim to perfect themselves in the branches taught by their fathers. Among the representatives of the official class is the daughter of Dr. Heidecke, mayor of Berlin, who has matriculated in the department for the study of German.

Getting the Value of Coal.

The scientific method of buying coal, not by weight, but by thermal value, is likely to be adopted by the St. Paul city government. The "B. T. Arthur Koppell
PRESIDENT

UBIQUITOUS

With all the talk of a national flow-
er that semi occasionally arises, why
not choose a flower that is really
national? For instance, there is the
dandelion. Taken as an individual
blossom, it is beautiful. Its color is
rich and mellow, and while it lacks
fragrance, its odor is not displeasing.
And it is omnipresent. And man who
values his neat lawn will attest that
Columbus is looking for a flower for
its centennial celebration next fall,
and the suggestion has been made
that it adopt the dandelion. Why not?
The Ohio man is a regular dandelion;
he blooms and thrives in every
spot of the union; he prospers
where others go to seed; he is first
on the job and last to leave it, either
political or otherwise. Why not the
dandelion, indeed?

The most serious failure of Mr.
Taft as a candidate is chargeable
either to modesty or economy and on
that account it is a measure, should
be condoned, or at least commiserated.
He has not invested in a personal
weekly magazine as Mr. La Follette
and Mr. Bryan have, has not even given
his autobiography to a printer as
Mr. La Follette and Mr. Wilson have,
and is not paying the expenses of a
publicity bureau as Mr. Harmon is.
A further plea in abatement might
be made, that kindness to the other
candidates devers him from publish-
ing a list of his achievements be-
cause it would make those of La
Follette look small and those of Wil-
son infinitesimal.

To secure the support of the "Pro-
gressive" Democrats of the Western
Reserve, Governor Harmon gave his
influence to Pomerene for senator
over Hanley the chairman of the
state committee to which he owes his
own election. Now Congressman
Whitaker who managed the Pomerene
forces announces that Mr. Harmon's
conduct in office has been such that
the progressives cannot support him,
and that he himself will be a candi-
date as an anti-Harmon delegate to
the national convention.

The Democratic press explains the
general increase in salaries of state
employees by saying it was necessary
to stop leaks which were expensive
to the treasury. But the six million
surplus got away. This suggests a
story of Cincinnati. When the Demo-
crats were in power in that city a few
years ago, the water in the big water
works reservoir escaped in a night
and they never did find it or learn
how it escaped.

The old sage about "what goes up
must come down" does not apply to
the price of necessities.

Weather Forecast.
Washington, Feb. 9.—Indica-
tions for tomorrow:
Ohio—Generally fair; snow
furries near lake; moderately
cold; moderate westerly winds,
becoming variable.

Under the administration of a
socialist mayor and council Milwaukee's
budget for 1912 is \$706,508 greater
than that of the largest previous year.
This mayor and Congressman Victor
Berger were elected by the La Fol-
lette machine in exchange for the So-
cialist vote of the state for McGovern,
the La Follette candidate for gov-
ernor.

The Democrats got a majority in
congress by kicking on its bosses.
In their first year of control that
body has been under so rigid an iron
hand—that of Underwood—that the
Cincinnati Enquirer and other Demo-
cratic papers have rebuked them.

When asked about the statement
given to the newspapers by the La
Follette manager, Mr. Fackler, that
he was coming with a message from
Mr. Roosevelt, Mr. Pinchot said:
"The story was made out of whole
cloth."

If Mr. Taft can systematize the
government so that many millions a
year will be saved he will not have
been president in vain.

FROM OUR READERS

Born and reared in Coshocton coun-
ty and the bodies of three generations
of my ancestors mouldering back to
mother earth within her boundaries it
would certainly be strange if I should
be indifferent to her welfare. And
it would be especially wonderful if
all the interested parties should be
of one mind in all the minutiae. Look-
ing at matters from different angles
we are sure to see them in different
lights, then our sin does not consist
in the fact that we believe different
from someone else. But in wrong
thinking, no difference how many
may think as we do for as a man
thinketh so is he. If he thinketh
wrong he is then necessarily wrong
himself. A man may be honest in
his convictions and yet be in error
as was demonstrated in the case of
Saul of Tarsus. Then instead of
burling epithets at our opponents it
behoves us to analyze our own po-
sition and see whether it be tenable
or not.

As a temperance man I was made
to rejoice when my home county de-
cided to avail itself of the benefits of
the Rose law. Having been informed
that wine is a mocker and strong
drink is raging and whoever is de-
ceived thereby is not wise. I was
encouraged to believe that the ma-
jority of the people had decided that
they would no longer be deceived
thereby and moved by the denuncia-
tion of Hab. 11, 12-15 had decided in
their righteous indignation to rid the
county of the infernal traffic. But
because the law did not automatic-
ally prohibit the trade they have by
their act thrown off the restraints
this imposed and dropped back into
the old ruts and it has happened unto
them according to the true proverb
the dog is turned to his own vomit
again, and the sow that washed to
the wallowing in the mire. The
Apostle Paul said "for the law made
nothing perfect, but he said "I had
not known sin but for the law and
the law was our schoolmaster or
teacher. All law is valued for what
it can accomplish and not for its
relation to impossibilities. If the coun-
ty had been strong enough to make
a prohibitory law self-acting, what
significance would the law have. And
if because there was violation of the
law was a just cause for the repeal
of the law the same logic would re-
peat all laws against arson, murder,
robbery and rape. That the liquor
traffic is evil and only evil is evident,
from the effort made by the best el-
ement of society to eradicate it and
that the Rose law was a handicap to
the traffic is demonstrated by the
time and money spent by the liquor
interests to get it repealed. Then
every one who in any way aided
either by stumping the county or
contributing funds to meet the expense
or voting for its repeal is because
participates criminals and violated the
command of the Apostle Paul as given
in 1 Tim. v-22. "Be not partakers
of other mens sins." And after the
signal defeat of Gov. Herrick for mak-
ing his decided stand in favor of the
liquor seller and against the law re-
stricting the sale of liquors declaring
that unless the proposed enactment
was made more favorable to the sal-
oon-keeper he would veto it and he
being so completely snowed under
thereby demoralizing the position of
the majority of the people of the
great state of Ohio it behooves the
leaders of thought and those who are
trying to lead the people on to letter
things to weigh well their acts and
utterances. I was both surprised and
pained to see The Coshocton Age, that
dear old paper that I have been an
almost constant reader of for sixty
years, take a backward step pertain-
ing to the best interests of the peo-
ple. Hoping to be able to convert
the editor from the error of his way
see Jas. v-20, and believing it to be
one of the best county papers in the
state I shall not get mad because
the editor does not see through my
eyes and order my paper stopped but

HEARST ACCUSES HETTY

Editor Says Mrs. Green
Tried to Extort
Money.

New York, Feb. 9.—An allegation
that Mrs. Hetty Green had attempted
to extort money from William R.
Hearst was made before Supreme
Court Justice Davis by C. M. Bovee,
counsel for Hearst and for the Met-
ropolitan Life Insurance company in
connection with a motion to compel
Mrs. Green to accept \$275,000 in pay-
ment of a mortgage with interest up
to last Monday and cancel the mort-
gage.

The lawyer said that when Hearst's
representatives went to Mrs. Green's
office to pay off the mortgage "Mrs.
Green slammed the door in their
faces and called for the police." Mrs.
Green, Mr. Bovee said, demanded ad-
ditional interest for 30 days, amount-
ing to \$1,146.

Mail Pouches Stolen.
Naples, Feb. 9.—A number of
American mail bags, which arrived
here by way of Havre, containing
registered mail and remittances from
Italian emigrants in America for
their families in Sicily, valued at
\$100,000, disappeared after they left
Naples and no trace of them can be
found. It is believed that the bags
were stolen from the mail boat Per-
seo, which was taking them to Pal-
ermo.

SCHWAB TELLS HIS TROUBLES
Will Quit Steel Business
If the Tariff Is Reduced

Washington, Feb. 9.—Charles M.
Schwab, the steel manufacturer, speak-
ing with every evidence of sincer-
ity and in a manner that strongly
impressed his hearers, told the senate
committee on finance that if the Un-
derwood bill reducing the tariff on
steel became a law, he would sell out
his interest in the Bethlehem Steel
company and retire.

"I have put my entire fortune, rep-
resenting years of toil, in the steel
business," said Mr. Schwab; "our
plant is the largest in the east, doing
a business of \$35,000,000 a year. We
are declaring no dividends, but are
putting all our profits back into the
business. I am alone in the world.
I have no help to leave this business
to and my only interest is in build-
ing up a good plant and keeping it
going, but if you gentlemen in con-
gress pass this Underwood bill, I will
sell my stock and retire from the
steel business forever."

Mr. Schwab appeared before the
committee voluntarily and was on
the stand about three hours. He went
into all the details of the steel in-
dustry in answer to questions from
members of the committee. Labor
conditions appeared to be the phase
that interested the members of the
committee most. Mr. Schwab de-
scribed them in detail and said they
were not half as bad as they had
been painted.

A Remedy No Family Should Do Without

No matter how healthy a human
being may be it is safe to say that
not many months are passed without
some obstruction of the bowels, in other
words, constipation, even if only tem-
porary. The bloating, the dull feeling
may start after the evening meal. If a
laxative is not taken that night, it is
certain that sleep will not be sound,
and you will awaken unrefreshed.

Hence, it is important for you and for
all the members of your family that a
good, reliable laxative be always kept
in the house for just such emergency.
It is sure to be needed, and when needed
you want it at hand. No family that is
careful of its health can do without such
a remedy. But the question of which
remedy to have on hand is also of vast
importance.

The laxative most highly recom-
mended by the majority of intelligent
Americans as being best for babies and
grownups is Dr. Caldwell's Syrup Pepsin.

It is a liquid laxative- tonic, mild,
and never grips, is effective on robust
people and can be given with safety to
an infant. Children like it because of
these gentle qualities and because it is
pleasant to the taste.

It is the best all-around remedy you
can have in the house for any disorder
of the stomach, liver and bowels, and
many people like Mr. Thos C. Avery, 412
S. Grove St., Bowling Green, Ohio, and
LaFayette Decker, 605 G. St., Findlay,
Ohio, say they would as soon be without
the necessities as without Dr. Caldwell's
Syrup Pepsin.

Anyone wishing to make a trial of this
remedy before buying it in the regular
way of a druggist at fifty cents or one
dollar a large bottle (family size) can
have a sample bottle sent to the home
free of charge by simply addressing Dr.
W. R. Caldwell, 405 Washington St.,
Monticello, Ill. Your name and address
on a postal card will do.

GLASS PAVING A FAILURE

Experiments in France Show the Material Will Not Stand the Traffic in Streets.

Seven or eight years ago a plant was established at La Demi Lune, a suburb about four miles from Lyon, France, for making glass paving material under the name of "pierre de verre Garchey." After many experiments carried out at the factory the manufacturer applied to the Lyon municipality for the right to make a trial on one of the chief thoroughfares. The necessary authorization was granted, provided that the inventor would bear the entire expense of the undertaking.

The place chosen for laying the glass pavement was a section of the Place de la Republique, where traffic of cabs, automobiles and wagons of all kinds is very heavy. The glass bricks remained in place for less than two years and were then taken out as they were in very poor condition, the edges were all broken, and in many cases the blocks were split through and through. The opinion of officials here at that time was to the effect that this glass pavement could be used under favorable circumstances for sidewalks, but not for the middle of streets.—Consular and Trade Reports.

Bibles in Persia.

The American Bible society has been at work in northern Persia for 70 years. For 17 years prior to 1890 it had its own agent, but since that time has worked through the missionaries of the Presbyterian church in Urumia, Tabriz, Teheran, Hamadan and Resht. The political disturbances there have of course interfered with the progress of the work, and, still further, the importation of Persian and Turkish Scriptures has at times been prohibited. Yet the circulation of the Scriptures has been continued, and the last annual report shows 773 copies distributed at Resht and Teheran. This report contained a letter from the Rev. Mr. Doornbosraffian, reporting that during the last ten years he has been able to sell 5,400 copies of the Scriptures in 17 different languages, the greater part in Persian, traveling more than 2,500 miles, and meeting in each year one thousand different persons with whom he has had religious conversations.

The Theatre

"Polly of the Circus."

"Polly of the Circus," Frederic Thompson's remarkable production of Mayo's comedy drama of that name, with Miss Georgie Oip in the title role, comes to the Sixth-St. theatre Friday Feb. 16. "Polly of the Circus," with the fascinating paraphernalia of the sawdust ring, is an offering that apparently exerts never-ending appeal. Never since the time of its initial performance in New York three years ago has it failed to attract to the theatres where it has been presented audiences that are remarkable for their size.

this particular part an unusual amount of sympathetic congeniality, and those who have seen Miss Oip as Polly admit the justice of the belief that the part might have been created with her solely in mind for its portrayal. It is doubtful if the fascination of the fantastic sawdust ring and canvas tents ever wholly leaves anyone who has once felt it; hence the realistic reproduction of the big ring show which is the feature of the third act of "Polly of the Circus" will undoubtedly prove as much of an attraction to audiences upon this occasion as it ever has in the past. The scene will always be considered one of the most remarkable achievements of Frederic Thompson's career as a producer of perfect stage illusions.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots

The woman with tender skin dreads February because it is sure to cover her face with ugly freckles. No matter how thick her veil, the sun and winds will surely make her freckle. Fortunately for her peace of mind, the recent discovery of a new drug, outline—double strength, makes it possible for even those most susceptible to freckles to keep the skin clear and white. No matter how stubborn a case of freckles you have, the double strength outline will remove them. Get an ounce package from C. E. Anderson and banish the freckles. Money back if it fails.

FOR RENT—Fine residence property. Best location in city. Rent more than reasonable. Home has all modern conveniences. Rent not an item compared to that of having the house occupied. Inquire of Mrs. T. C. Roche, at property, 210 West Main street, at once. Citiz. phone 470 B.

WANTED—To come to your home to sew by the day. Can do all kinds of sewing. Call Bell phone 680.

To Keep Their Digestion Perfect Nothing Is so Safe and Pleasant as Stuart's Dyspepsia Tablets.

Trial Package Sent Free.

Thousands of men and women have found Stuart's Dyspepsia Tablets the safest and most reliable preparation for any form of indigestion or stomach trouble.

Thousands of people who are not sick, but are well and wish to keep

well take Stuart's Tablets after every meal to insure perfect digestion and avoid trouble.

But it is not generally known that the Tablets are just as good and wholesome for little folks as for their elders.

Little children who are pale, thin and have no appetite, or do not grow or thrive, should use the tablets after eating and will derive great benefit from them.

Mrs. G. H. Crotsley, 523 Washington street, Hoboken, New Jersey, writes: "Stuart's Dyspepsia Tablets just fill the bill for children as well as for older folks. I've had the best of luck with them. My three-year-old girl takes them as readily as a candy. I have only to say 'tablets' and she does everything else and runs for them."

A Buffalo mother, a short time ago, who despaired of the life of her babe, was so delighted with the results from giving the child these tablets that she went before the notary public of Erie Co., N. Y., and made the following affidavit:

Gentlemen:—Stuart's Dyspepsia Tablets were recommended to me for my two-months-old baby, which was sick and puny and the doctors said was suffering from indigestion. I took the child to the hospital, but there found no relief. A friend mentioned the Stuart Tablets and I procured a box from my druggist and used only the large sweet lozenges in the box and was delighted to find they were just the thing for my babe. I feel justified in saying that Stuart's Dyspepsia Tablets saved my child's life.

MRS. W. T. DETHLOPE, Subscribed and sworn to before me this 12th day of April, 1917.

HENRY KARIS, Notary Public in and for Erie Co., N. Y.

For babies, no matter how young or delicate, the tablets will accomplish wonders in increasing flesh, appetite and growth. Use only the large sweet tablets in every box. Full sized boxes are sold by all druggists for 50 cents, and no parent should neglect the use of this safe remedy for all stomach and bowel troubles if the child is ailing in any way regarding its food or assimilation.

Stuart's Dyspepsia Tablets have been known for years as the best preparation for all stomach troubles whether in adults or infants.

A trial package will be sent if you will write P. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

The Man Who Abolished Mustard Plasters

ASK C. E. ANDERSON.

The man who put mustard plasters out of business had to invent something better, for mustard plasters have been used for aches, pains and other afflictions for scores of years, and have given relief to millions.

But when J. A. Begy, the well-known chemist, of Rochester, N. Y., compounded, after years of experiment, a preparation which he named Begy's Mustardine, he gave to the world something so much quicker in action than mustard plasters, that medical authorities recognized its supremacy at once. Begy's Mustardine is now on sale in Coshocton by C. E. Anderson who guarantees it to stop earache, toothache and headache.

Just rub it on. It is always ready, and nothing is better for neuralgia, cold in chest, pleurisy, bronchitis, lumbago, sore throat, stiffness and lameness. Is clean to use, and will not blister. 25 cents a box (equal to forty mustard plasters) and money back if not satisfied. Mail orders filled by J. A. Begy Co., Rochester, N. Y.

ROSCOE INCENDIARY FIRE
LOSS IS NEAR \$15,000

(Continued From Page One)

walls of the Le Retilly building fell the smaller structure was burning in the rear. The flames soon ate their way to the front of the building. Spectators across the street could see the ceiling covering fall and burst into flames, then with a crash the front windows blew out before the intense heat. The building soon followed the Le Retilly structure.

Old Brick Threatened.
It was seen by the men fighting the fire that unless some stringent action was taken the entire east side of the main street would be burned down. The fire even then was eating into the brick one story frame structure immediately adjoining the post-office building and any attempt to save it would have proven useless. Adjoining that building is a two and one-half story brick building owned by Elisha Compton. Had the fire entered that the advance of the flames could not have been checked at least until they had reached the town hall.

Use Dynamite.
Dynamite was secured and a shot was placed in the upper part of the building at the rear. It was discharged by Fred Landerman but excepting its knocking the rear of the building down, the shot had done little or no good. Buckets were resorted to again but the fire endangered the Compton building more every minute and it was decided to try another shot of dynamite.

By the time preparations were made for the shot the small building was burning fiercely and the flames had eaten through into the second story threatening to send down the roof at any minute. Bravely facing what seemed to the crowd a dangerous proposition the men again entered the building and placed several sticks of the explosive in the front of the building. The fuse was a short one and it was only a minute until there was a crash and the building was sent down. A crowd with planks shoved the part of the structure which remained standing, away from the brick building and had gained the upper hand of the flames.

Burned All Night
Several times during the night fire burst out in the old brick building but watchmen who guarded the place all night succeeded each time in extinguishing the fire before it had gained any headway.

The fire burned fiercely from about 8:30 o'clock until morning. Early in the evening before the fire had advanced out of the Le Retilly building the crowd was scattered from in front of the fire to places of safety when a quantity of rifle cartridges left in the store began exploding. The steady pop! pop! pop! of the cartridges sounded like a small artillery band unleashed.

Teacher Again Frightened
Miss Florence Osborne, the young Columbus woman, who was engaged last fall by the Roscoe school board to instruct in the village schools returned to Roscoe last Monday morning and resumed her work in the school after having remained at her home in Columbus afraid to return following the recent fires and the receipt of the threatening anonymous letters. To an Age representative Miss Osborne said Thursday night while watching the fire that she felt like giving it all up and returning to her mother in Columbus.

Miss Osborne secured lodging at the home of Miss Leah Le Retilly when she returned from Columbus. Miss Le Retilly is a niece of Jay Le Retilly, part owner of the store which was burned. In the anonymous letter received by Fred Landerman early in January following the burning of the Roscoe school building, Miss Osborne's presence in the Roscoe schools as an instructor was objected to. At that time Miss Osborne lived at the Landerman home. At the time she was at her home in Columbus and after she had heard of the threats made immediately after the school house burned she refused to return to her work, so terrified was she. But last week her fears were quieted and she consented to return.

Le Retilly Talks.
Jay Le Retilly told an Age reporter at the fire Thursday night that he was certain the fire had started of incendiary origin. He said he had gone home at about 7:30 o'clock from the store. He returned, he said, near eight after some articles he had forgotten. Then he banked the fire in the stove which sat about half way between the front and rear of the building on the first floor. He said the fire was not intense and he knows that the blaze could not have started from the stove. He returned home and had just gone to bed when the fire alarm was sounded by the ringing of the Roscoe M. E. church bell and the blowing of the water works whistle in Coshocton.

Mr. Le Retilly told an Age reporter that he had never received an anonymous letter addressed to him personally, in spite of a story circulated among the crowd Thursday night that he had received one Thursday morning. He said that in the letter received by the school board his property was threatened with destruction.

burning buildings that telephone poles across the street were set afire and the windows in the row of buildings opposite the burning structures were burst in by the heat.

Telephones out.
The Bell Telephone Co. had men on the scene early in the evening after the intense heat had burned down one of the poles belonging to them cutting off all telephone communication on that line from the village. The Citizens Company's lines also were destroyed.

The Coshocton Light and Heating Co. suffered some damage but it was not serious. The electric lights all over the village are out of commission temporarily.

Climax of Series
The fire in the Le Retilly building comes as a climax to the series of fires which have broken out in Roscoe since the night of December 31, 1911 when the Roscoe school building was burned from a mysterious origin. A few days later Supt. Lyons of the public schools, Robert Groer of the school board, and Fred Landerman, at whose home Miss Osborne, the Columbus teacher roomed, received anonymous letters threatening their properties and further fires if the tuition system of the school board was not abandoned and Miss Osborne was not discharged. A few days later a small shed on Fred Landerman's property was destroyed by fire. A few weeks later a building on Prof. Lyons' property was burned to the ground. Last Sunday S. B. Pinnell, at whose home-room two of the tuition students attending the Roscoe schools, was sent an anonymous letter. The contents are unknown.

State Department Powerless
Since the burning of the school building the state fire marshal has been on the scene twice and several of his deputies have been in Roscoe conducting an investigation but they seem to be unable to get sufficient evidence to warrant arrest. It was said Thursday night that probably United States secret service men would now take a hand in attempting to run down the criminal since the United States post office was burned down in Thursday night's fire. Men from the state fire marshal's office were in the city early Friday.

ARE WEDDED IN WHISPERS
Voiceless Oregon Couple Engage Clergyman Similarly Afflicted to Perform Marriage Ceremony.

The first wedding ceremony conducted in whispers, so far as is known, occurred at Vancouver, Wash., when a Portland dentist married a pretty young woman from that city, the wedding taking place at the home of Rev. Walter I. Eck, of St. Paul's English Lutheran church.

Mr. Eck was at the church, when two stylishly gowned young women appeared and informed him that his services would be necessary for the happiness of Miss Martha Frances Owens, who was to become the bride of Dr. Hugh Charles Smith, both of Portland. The witness was Miss Fay Epprest Gibson, also of Portland.

Two weeks ago, when ending a prayer in church, Rev. Mr. Eck suddenly lost his power of speech, and since then he has conversed in whispers.

Trying to recover his voice in vain, he whispered: "I can't talk; all I can do is whisper."

Touched by sympathy, the determined bride-to-be whispered back: "That will be all right. Just so long as it is quiet we don't care. We came over here to have a quiet wedding and you will do fine."

Going to the pastorate, the two to be married answered in whispers the whispered questions asked by the voiceless pastor.

Queer Burial Customs.
The attempt made by thieves to plunder the grave of a famous Parisian actress reminds a writer in the Journal des Debats that the ancient custom of depositing valuables in tombs still prevails in France. But it is not only jewels and the like that are buried with the dead.

A few years ago it was the custom in La Vendee to put a polished stone within reach of the corpse. This was supposed to guide the dead on their new journey. In the district of Dinan a piece of consecrated bread was used for the same purpose. The people of the Bordeaux district place in the coffin a sprig of myrtle blessed at Easter. This is considered to insure entry into paradise.

On the borders of Brittany and Poitou a little pebble is placed on the tongue of the deceased. Without this it is thought he might plead his cause before the great tribunal with such volubility as would insure his condemnation without appeal.

Nearly everybody in Coshocton county reads the Daily Age.

Frazesburg Couples in Double Wedding.
Nuptial knots were tied at the wedding of a brother and a sister at the same hour, 7 o'clock, Thursday night, one marriage taking place in Newark and the other in Byesville. They were the children of Mr. and Mrs. Aaron Hartsough of Frazesburg.
The brother, James A. Hartsough,

and Miss Beulah Bounds, daughter of C. N. Bounds of Frazesburg, were married by Rev. C. H. Lucas at Newark. His sister, Miss Christina Hartsough, and Dwight C. McCann also of Frazesburg, were married at Byesville by Rev. Wilson, who is a cousin of the groom.

Both marriages will be celebrated at a dinner which will be served at the Hartsough home in Frazesburg Sunday. The honor guests will return to Frazesburg Saturday evening.

The Harvard commencement will come early this year that the baseball season will be greatly shortened.

W. A. Sloan of Spokane owns a chess set which he values at \$1,200. The set was secured in China in 1869, is of solid ivory and the carving of the chessmen is an exquisite as some fine brocade silk. The red men represent the Manchus while the white men represent Chinese.

The 20-yard zone has been abolished from the football rules, but the record zone still remains. It is to be found in the dressing room after the first half, immediately adjacent to the coach of the losing game.

Speaking about Schwartz suggests the following story: John Ganzel offered Hedges \$1,000 for the chesses. "Fifteen hundred dollars or nothing," was the reply set back. "Nothing," was Ganzel's return wire; in other words, you can keep the "Kaze."

Hedges would now like to change his mind about the matter.

JILTED THE WRONG GIRL

Gotham Youth Sent to Hospital With Acid-Burned Face

New York, Feb. 9.—William Kaufmann, cutter in a shirtwaist factory, was taken to Bellevue hospital with his right eye blinded and his face, chest and neck badly burned by carbolic acid. In the same ambulance with him went Frieda Levenson, 19, an operator in the factory. The girl was badly burned on the face and hands from the acid. She was taken to the prison ward, charged by Kaufmann with having hurled the acid which burned them both.

While the doctor was dressing the wounds of both, the girl upbraided Kaufmann for not marrying her, "as he said he would."

GRIDIRON GAME TO BE BETTER

Savage Thinks 1912 Football Will Be Best Since 1905

Oberlin, O., Feb. 9.—Charles W. Savage, of the football rules committee, is of the opinion that the game for 1912 will be the best balanced and most playable football contest since the sport was revolutionized in 1905. "With the elimination of the twenty-yard zone on the forward pass and the cutting out of the on-side kick, the necessity of a third official on the field has been done away with and the days of the field judge have been ended. This change is the most important and one which will be cordially received by everyone. It means that the cost of officials will be lessened and the game will be substantially simplified.

Tie Scores Unlikely.
"It is not exactly safe to predict just what the features of the new game will be when the thousands of coaches throughout the country direct their ingenuity to try to evade the intent of the rule-makers. It seems clear, however, that the game has been simplified and that the likelihood of a tie score or a no-score contest has been reduced to a minimum. It is quite evident, also, that a team will not have to do 50 per cent, or even 25 per cent, stronger than its rivals in order to win victories. I believe that the game is just as full of opportunities for the light, active and quick-witted player, but undoubtedly the new rules are more favorable to the teams composed of big, heavy men, provided they are fairly quick and active. This can hardly be considered a just ground for criticism, however. It ought not to be expected that the Navy should beat Princeton, that the Army should defeat Yale or that Oberlin should defeat Cornell. I am very strongly convinced that the playing rules of 1912 will give us the best balanced and most playable game since 1905.

Committee Worked Hard.
"It is probable that the committee never worked more faithfully nor with greater singleness of purpose, to bring about changes for the good of the game. It seemed to be the conviction of every man participating in the work, that the principles of a well balanced and exceedingly safe and interesting game had been outlined. It is felt that the legislation adopted by the committee is of such a nature that there will be no difficulty in drawing up and codifying rules necessary to bring about the wishes of the committee."

This is the season of the year when mothers feel very much concerned over the frequent colds contracted by their children, and have abundant reason for it as every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases that so often follow. Chamberlain's Cough Remedy is famous for its cures, and is pleasant and safe to take. For sale by all dealers.

JOHNSON GOES TO BROADWAY

Jack Thinks Boxing Commission Will Let Him Don Gloves

Chicago, Feb. 9.—Satisfied that he and his friends can fix things with the New York State Boxing commission and they will permit him to don the gloves in Gotham, Jack Johnson today was scheduled to leave for the east to sign up a ten round engagement billed for next month, for which he is to receive a big guarantee. His opponent's name is not given, but it is believed that Paizler will be the heavyweight sent against the champion.

Gleason Would Stage "Go."
The match, if arranged, will take place before Billy Gleason's Fairmont Athletic club. Of course, it is possible that Carl Morris may be selected. This will be Jack's only fight between now and the Flynn engagement, for the articles call for neither man to fight between May 1 and the July date.

"I think I am better now than ever in my life and will need but a few days' work to beat anybody in the world over the ten round route," said Jack today.

"How about the boxing commission in New York?" he was asked.
"Oh, I guess that will be alright. Gibson must have had some assurance before going ahead with the match. I do not anticipate any trouble on that score," he said.

Here is a message of hope and good cheer from Mrs. C. J. Martin, of one Mill, Va., who is the mother of eight children. Mrs. Martin was cured of stomach trouble and constipation by Chamberlain's Tablets after five years of suffering, and now recommends these tablets to the public. Sold by all dealers.

TODAY'S MARKETS

THE AGE RECEIVES BY WIRE DAILY MARKET REPORTS FROM PITTSBURG, CLEVELAND, CHICAGO, TOLEDO AND OTHER CENTERS CORRECTED EVERY DAY.

Pittsburg Live Stock

PITTSBURG, Feb. 9.—East Liberty reports today as follows:
Steers 4.00@8.00
Hogs 6.25@6.50
Sheep 2.00@4.50
Lambs 3.00@6.75
Calves 4.50@9.50

No cattle were received in pens today. Market quiet and values nominally steady. Prospects for next week are hard to predict.
Calves.
Fair run calves on market today—quality good, 90 head made up the total receipts—choice favored. Offerings included a car of western calves. Moderate demand obtained and values steady. Good handy fat native veals best sellers. Choice fat kinds brought \$8.50; good \$8.50@9.00. Values in lots \$5.50@6.50; plain \$4.50@5.00. Market closed steady—the outlook continues fair.

Hogs.
Hog supplies denoted an increase today. Total receipts embraced 2,800 head—quality good. West again lower and local values weak. Demand moderate and trade fairly active. General values steady to nickel lower. Call for light kinds not so good today. Those weights draggish, with values off 10@15 cents. Best heavy and medium hogs brought \$6.50. Good lights ranged at \$6.10@6.50; heavy \$6.40@6.45. Best hogs cleared nicely—trade closed steady. Levels today a dime under Saturday.

Sheep and Lambs.
Market for sheep and lambs failed to improve. Supplies increased and good quality scarce. 2,200 head made up the total receipts—sheep steady. Main demand partial to fat handy lambs. That class draggish and 10@15 cents under yesterday. Best lambs on the market sold at \$6.70@6.75. Medium and common kinds slow and weak. No prime sheep here—choice quotable at \$4.50. Market closed easy—outlook is dubious. Four days' supply denoted 4000 increase.

Why Colds Lead to Pneumonia

When a cold is neglected it of the lungs—then it's pneumonia. Father John's Medicine cures colds and prevents pneumonia because it nourishes the system and drives out the poisonous waste matter—any other way of treating a cold is likely to lead to pneumonia. Not a cough syrup or "balsam" depending upon dangerous and weakening drugs, but a good medicine and body builder.

LIQUOR TRAFFIC COMMITTEE WILL REPORT MONDAY

King Proposal Expected To Be Reported Out By Majority

Columbus, Feb. 9.—The liquor traffic committee of the constitutional convention will report next Monday night on the question of liquor license, and indications are that there will be a majority and a minority report. In all probability the majority will vote to report out, unamended, the King proposal, or that advocated by the wet forces.

A final executive session of the committee, to be held at 4 o'clock next Monday afternoon, and a final report Monday night, was decided upon by the committee at its final public meeting in the senate chamber Thursday morning. The whole issue in the committee Thursday was sharply raised when Judge King moved that the committee take action on his proposal at once, arguing that sufficient time had elapsed, and characterizing further delay as obstructive solely. Messrs. Winn and Knight hotly opposed the motion. Delegate Fess, of Antioch college, came in with a compromise suggestion that the entire question be decided Monday afternoon, and the committee agreed, leaving the King motion in abeyance.

Liberals Insistent.
It is definitely understood now that the liberals are insisting that the King proposal be reported out Monday without any amendment, and that they have at least 12 of the 21 members of the committee practically agreed upon this plan.

Marvelous Relief For Corns, Bunions, Sore Foot Lumps

Five corns on five toes for five years. Was he lame? You bet. That man was a chump—and he was one quarter spent on Putnam's cases 'em in good style—lifts them out quick—without pain, and never fails. This is why Putnam's is superior to the cheap imitations that afford the dealer more profit. Use only "Putnam's" Extractor. Sold by druggists.

After you have made the rounds of the doctors and drug stores and still have those blinding headaches, nerves all gone, feel ready to fly to pieces, then come and let me fit your eyes with glasses and your troubles will melt away. In scores of cases the eyes are at the bottom of it all. Burns the Optometrist, Burns bldg.

97 Per Cent Perfect

AN UNUSUAL RECORD FOR A PILE REMEDY.

When Dr. J. S. Leonhardt, of Lincoln, Neb., located the cause of piles and found a successful inward remedy for piles, he had it put on sale under a strict guarantee of satisfaction. In ten years only 3 per cent. of HEM-ROID users have asked for their money back, and it speaks well for this scientific modern remedy. Get a guaranteed \$1 package from C. E. Anderson or any druggist, or write to Dr. Leonhardt Co., Station B, Buffalo, N. Y., for free HEM-ROID booklet.

REVOLT IS SPREADING

Madero's Regime Threatened On All Sides.

Washington, Feb. 9.—Many disorders in Mexican towns which have hitherto been quiet were reported to the state department. The most alarming situation is reported at Santa Rosalia, where 1,500 insurgents are under arms and threatening deeds of lawlessness. At Parras, employees of the Madero establishments have gone on strike. These men are threatening violence if their demands are not granted.

The rapid increase in the centers of disaffection is causing considerable apprehension at Mexico City. Reports received at the state department indicate that the whole attention of the government is being concentrated upon the disorderly state of the country and disension has already appeared among the leaders as to the proper course to be pursued. Opposition to President Madero has openly appeared both within the administration and without.

REFUSES GOVERNORSHIP

Orozco Declares His Loyalty to President Madero.

El Paso, Tex., Feb. 9.—Pasqual Orozco refused the governorship of Chihuahua after the state legislature had selected him, but he protests his loyalty to Madero and is said to have declined the governorship partially because the state legislature declined to endorse Madero, also because he believed the constitutional governor, Abram Gonzales, should first be given a chance to restore order, or at least have some say in the matter.

Orozco is sending troops into the country west of Chihuahua to attempt to disperse the bands of armed men in the field in the name of Vasquez Gomez.

The United States customs officers in El Paso received a telegram from Franklin MacVeagh, secretary of the treasury, stating that the state department had given authority for Mexican federal troops to come through United States territory from Eagle Pass to Juarez. The soldiers' arms will be taken from them at Eagle Pass and transported in a baggage car to El Paso.

WANTED TO SEE TELEGRAM

Girl Tells Lorimer Probers Of Offer Made By Hines.

Washington, Feb. 9.—A mild sensation was produced in the senate committee hearing by Miss Helen Seavers, telegraph operator in a local hotel, who testified that Edward Hines, the millionaire lumberman, had offered her money to let him see a telegram Detective Bailey had just sent to H. E. Keir two weeks ago. Under cross examination she declared that it was not meant as a tip.

Royal Pair Arrested.

Colorado Springs, Colo., Feb. 9.—The Baron von Holstein Rathlow, who claims this title as the son of Count Hans Rathlow of Odor, Denmark, and his wife, are in the El Paso county jail charged with obtaining money under false pretenses through selling beauty lotions.

Nephew Plays in Luck.

New York, Feb. 9.—Fred Grandell of his city, once the favorite nephew of the late Edwin Hawley, railroad magnate, but latterly said to have incurred his uncle's displeasure because of his marriage to a young Southern Pacific telegraph operator, will receive \$2,000,000 as his share of the estate, it is said, because Hawley left no will.

A SHARP WARNING

Nervous Exhaustion Is Notice to Relieve the Strain and Build Up the Starved Nerves.

Nervous exhaustion, or breakdown of the nerves, is more often a blessing than anything else. The nerves have rebelled and you should be thankful it is no worse than it is. Let it serve as a sharp warning to relieve the strain and to take a treatment that will build up your nerves.

Dr. Williams' Pink Pills for Pale People are a real nerve tonic. They supply plenty of nourishing red blood to the exhausted nerves and do not excite and urge them on to do work which they have already shown they cannot do. Medicines which whip the tired nerves do more harm than no medicine at all. Dr. Williams' Pink Pills for Pale People not only start in immediately to give relief but continue to strengthen the nerves until they are able to do their work once more.

Mrs. H. G. Williams, of No. 112 North Franklin street, Saginaw, Mich., says: "Nervousness in my case was doubtless due to worry and overwork. I utterly felt tired out, weak, restless and nervous. Nervous spells came on me whenever I had any extra strain. There were no additional symptoms in my case but as I was conducting my store all alone and there was considerable detail connected with it, it is not to be wondered at that I was nervous. An old lady friend, who had used Dr. Williams' Pink Pills for Pale People with good results in her family, told me to try them for nervousness. I did so. My nerves became steadier and I was cured. I can recommend Dr. Williams' Pink Pills for Pale People as a splendid nerve tonic. I have used them for years whenever run down and found they gave me immediate relief."

Dr. Williams' Pink Pills for Pale People are guaranteed to be free from any harmful or habit-forming drugs. They have given the most gratifying results in nervous headaches, neuralgia, nervous dyspepsia, St. Vitus' dance, and even in partial paralysis and locomotor ataxia. For a full statement of this treatment write for the free booklet, "Diseases of the Nervous System."

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

HEART DISEASE CLAIMS PHYSICIAN

Dr. Davis P. Shue of Orrville, a prominent physician of that town and one of the best known Masons in the state, dropped dead of heart disease Tuesday evening while returning to his office from a call on a patient.

Dr. Shue performed an operation for appendicitis at noon and attended to his regular practice and was on his way to his office when death occurred. Several of his brothers have died suddenly from the same disease.
